

## Online Leadership Cohort: Create a Strategic Plan

Through this program, you will be placed in a cohort of educators who are implementing a curriculum process. As you progress through a series of 3 online sessions (with guided activities between sessions), you will not only connect with others, but learn about creating a strong foundation for your curriculum process. These interactive online sessions will provide participants with resources and allow for conversation and feedback from other members of the group as you outline your strategic plan.

### SESSION 1:

The goal of this session is to build background on the key elements in a curriculum process. During this session and in your follow-up work, you will:

*Materials: Bring your existing strategic plan, school mission statement, and/or school goals*

### SESSION 2:
