Virtual Curriculum Review Series (Advanced)

Professional Development Sample Agenda

Overview of PD Services:
- 3 virtual professional development sessions (2 hours each)
- 2 consultative hours that could be used for:
  - Planning call to discuss goals and timeline for sessions with leadership
  - Debrief call after completion of the package to discuss progress and next steps with leadership

Target Audience for the Series:
- Curriculum developers with a full understanding of curriculum review and working knowledge of Atlas reports

Intended Outcomes for the Series:
- Participants will use a focus to complete all 5 steps in a curriculum review cycle
- Gain hands on experience with using the steps above to make curricular decisions

In this advanced series, sessions will include a brief refresher of the steps in a review cycle and hands on experience in completing a cycle with a specific focus. Each session will follow a similar format based on the focus of review. Participants should plan to work with their team between sessions and come prepared to make decisions through collaborative conversations.

Leadership Planning
- Call to discuss the overall curriculum review goals
- Submit topic(s) and focus question(s) prior to the first session

Sessions 1 and 2: Guided Curriculum Review 1 & 2
- Explore and discuss the 5 steps of a review cycle with examples
- Identify data sources to apply to review
- With guidance and support, narrow your topic and begin this review cycle using your own school's information
- *When applicable, learn to fully utilize reports in Atlas*
- *If needed, choose and customize appropriate rubrics*

Submit prior to Session 3: As a team, complete an independent review cycle

Session 3: Guided Curriculum Review 3
- Collaboratively discuss findings from the third review
- Reflect on the overall process of using the cycles to review the curriculum
- Consider additional needs to ensure the ongoing use of the curriculum review cycles to update and strengthen the written curriculum
